CAPABILITY NARRATIVE

Alliance Federal Supply delivers medical, surgical, safety, and facility supplies to VA medical centers, DoD installations, civilian agencies, and Texas state buyers, sourcing TAA-compliant products through authorized manufacturer channels with a quote response within 24 business hours. Founded by a U.S. Army Civil Affairs veteran and Purple Heart recipient who spent months as a patient inside the VA and military medical systems, Alliance Federal Supply was built on what most distributors cannot offer: a firsthand understanding of what these facilities need and what happens when they do not get it. We do not just fill orders. We protect the mission behind them.
